

Encounter Crafts This week – Easter Eggs

There are so many ways to decorate a simple Easter Egg shape! The bright colours in the pictures below remind us of the importance and joy of **Easter Sunday** in the church calendar, celebrating the **resurrection of Jesus**. This in turn makes us think of **Spring's arrival** and the promise of **new life!**

1. You could try collage using all sorts of materials from paper, tissue, string, buttons, wool, cotton wool... The list is endless! Experiment with different things.

2. Another way of decorating an egg shape is to print with paint. Again, there are many different things you could use to print with! Here are some ideas...

Potato printing

Squeegee printing!

Sponge printing

There is an Easter Egg template on the next page for you to use

HAVE FUN and HAPPY EASTER!
